

College Credit Option Table

	Who receives this credit?	How is this credit earned?	How is the credit captured on a transcript?	How will this grade appear on my Sinclair transcript?
College Credit Plus (CCP)	A student enrolled in CCP through their high school.	CCP credit is earned through successful completion of a Sinclair course.	CCP credit is visible on a student's Sinclair record while the student is enrolled in the course and the grade is entered upon completion of the course with no additional paperwork.	The letter grade earned by the student is the grade that will be transcribed (A, B, C, D, or F). Impacts Sinclair GPA.
CTAG	A high school student participating in a career tech program that offers state-aligned courses in their pathway.	Student must complete the career technical course aligned to CTAG credit with a "C" or better and score proficient or above on the end of course exam.	Tech Prep Office retrieves CTAG data for students with SSID on file. Students must provide permission to post the CTAG credit on their transcript via the CTAG Retrieval form at www.mvtechprep.org .	Official transcripts summarize CTAG credit as a lump sum. Students transferring to another institution can request a transfer equivalency report to accompany. Grade is listed on student record as CR (transfer credit) and does not impact Sinclair GPA.
ITAG	Anyone who earns a state-aligned industry-recognized credential.	Student provides the credential to their high school teacher who forwards to Tech Prep office for articulation into credit.	Student or high school sends credential documentation to Tech Prep office; once verified, credit is awarded.	Official transcripts summarize ITAG credit as a lump sum. Students transferring to another institution can request a transfer equivalency report to accompany. Grade is listed on student record as CR (transfer credit) and does not impact Sinclair GPA.
Miami Valley Tech Prep Consortium Articulated Credit	A career tech student in a program partnered with Sinclair.	Student completes a pass/fail credit opportunity; typically aligned with an industry-credential.	Credit is articulated by the Tech Prep office once credential is received and verified by Sinclair faculty.	Articulated credit appears as AA (articulation agreement) with course title. Does not impact Sinclair GPA.
Miami Valley Tech Prep Consortium Proficiency Credit	A career tech student in a program partnered with Sinclair.	Proficiency credit appears as A#, B+C6#, or C# with course title. Impacts Sinclair GPA.	Credit is transcribed once the student successfully completes all requirements with a C or higher as verified by Sinclair faculty. Student must provide permission to post.	Proficiency credit appears as A#, B#, or C# with course title. Impacts Sinclair GPA.
